Description Introducing the 110cc 110H Mini Kids and Youth ATV, a modern quad ATV designed to deliver a thrilling and stylish ride for young riders. This ATV is powered by a robust 110cc, four-stroke, single-cylinder, air-cooled engine that ensures impressive performance across various terrains. It boasts 6.8 horsepower and is equipped with a fully automatic transmission that includes a reverse function, making for a seamless and exhilarating riding experience. The ATV features a comfortable seat height of 24 inches (60cm), accommodating riders of various sizes, and rides on 16x8-7 tires mounted on stylish rims for excellent traction and a contemporary look. Enhanced rider comfort is assured with a new footrest fitted with shockproof rubber, while the combination of front drum and rear hydraulic disc brakes provides reliable and responsive stopping power. Further modernizing the design are LED lights and an LCD speedometer, with the addition of a heavy-duty bumper and rack for increased durability and practicality. The ATV also benefits from an enhanced suspension and muffler package for improved handling and a smoother ride. With a dry weight of 218lbs (99kg) and dimensions of 53" x 31" x 35" (134cm x 79cm x 90cm), this ATV features an electric start, a PZ20 carburetor, a remote kill switch, a speed governor, a hand shift lever, and an enhanced dual A-arm/solid axle suspension setup, all contributing to a top speed of 50km/h. Let young riders experience the excitement and style of the 110cc 110H Mini Kids and Youth ATV, a perfect blend of performance, style, and safety.

This Gas ATV is shipped 90% assembled, some assembly is required.

This Gas ATV requires but is not limited to:
